

TODAYFIX

Business Directory & Service Marketplace

DEVELOPED BY : S K BARAL

Start

PROJECT OVERVIEW

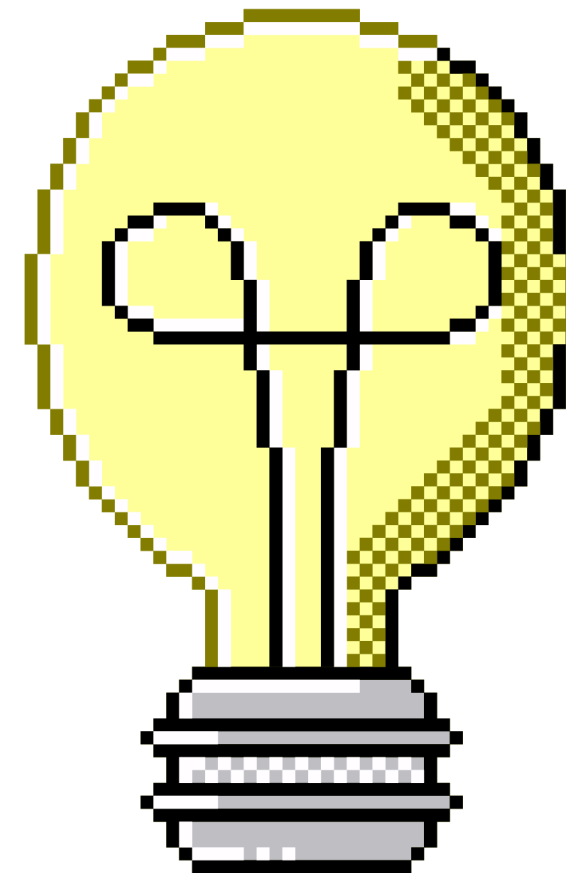

TodayFix is an online business directory that connects customers with verified businesses and service providers across different categories.

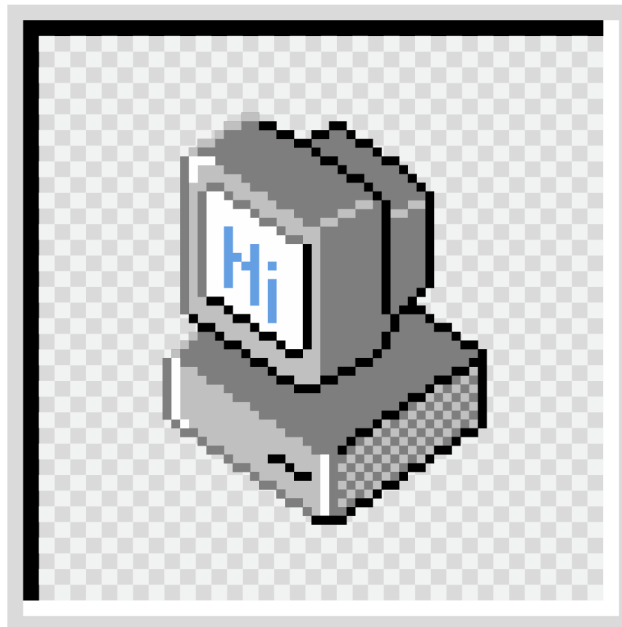

OBJECTIVES

- Business listing platform
- Easy business search
- Role-based authentication
- Admin approval system
- Responsive user interface

FEATURES

Visitor

Visitors can browse categories, search for businesses, and view detailed business information without logging in.

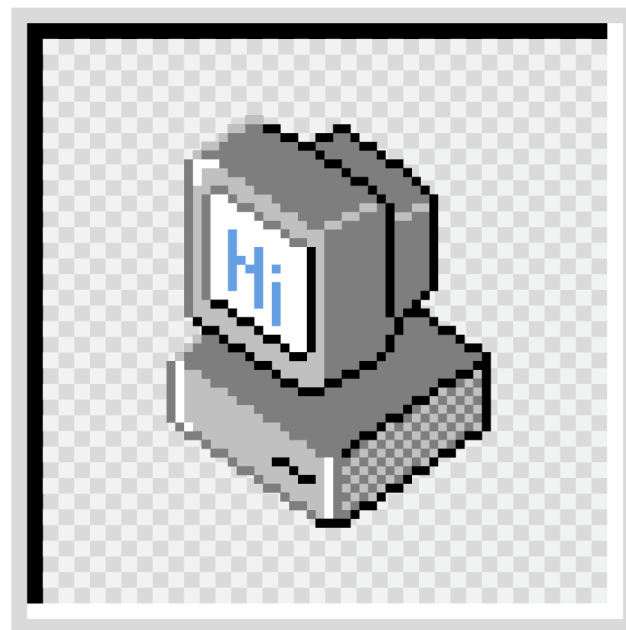

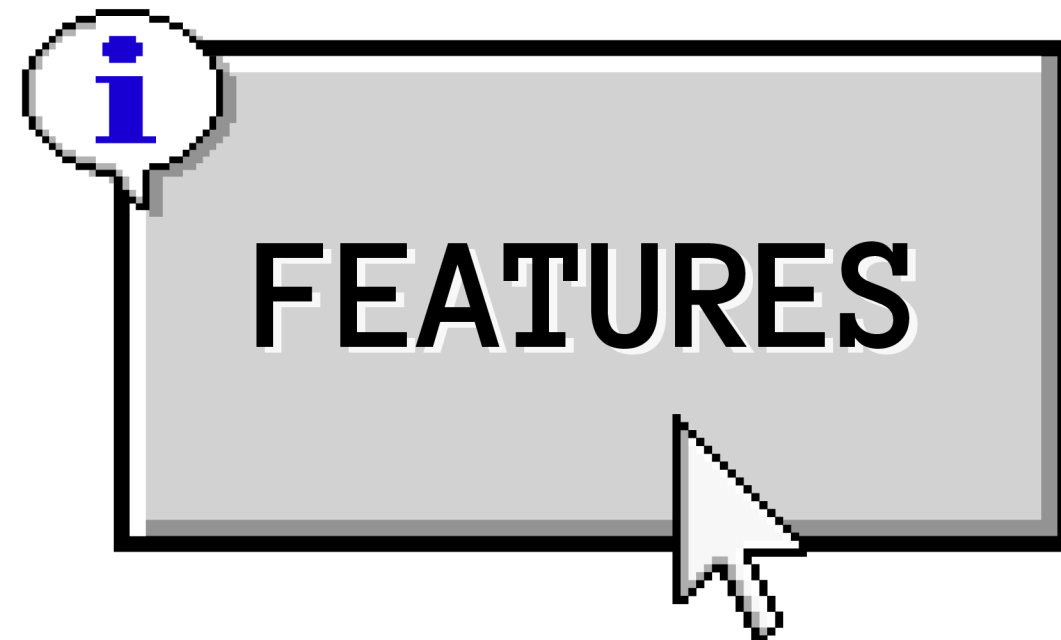

Business Owner

Business owners can register their business, manage their profile, and access the dashboard after admin approval.

Admin

The admin manages users, categories, cities, and business listings, and approves or rejects business registrations before they are published.

Visitor

- Search businesses
- Browse categories
- View business details
- Contact businesses

Business Owner

- Register account
- Add business profile
- Upload business details
- Dashboard access after approval
